Second Day :Day 2-Trip to Giza Pyramids and the Grand Egyptian Museum:

Our tour guide will pick you up from your hotel in [Giza](#) at 9:00 am and get ready for your Private day tour to the Pyramids of [Giza](#) with a Private tour guide First, you will visit the Great Pyramid of [Giza](#) (also known as the Pyramid of Khufu or the Pyramid of [Cheops](#)) is the oldest and largest of the pyramids in the [Giza](#) pyramid complex. It is the oldest of the Seven Wonders of the Ancient World, and the only one to remain largely intact.

The Pyramids of [Cheops](#) :

[The Great Pyramid](#) was built as a tomb for the Fourth Dynasty Egyptian pharaoh Khufu and it is estimated that it was built in the 26th century BC around 27 years.

Initially standing at 146.5 metres (491 feet), the Great Pyramid was the tallest man-made structure in the world for more than 3,900 years. Throughout history, the majority of the smooth white limestone casing was removed, which lowered the pyramid's height to the present 139.5 metres. What is seen today is the underlying core structure. The base was measured to be about 230.3 metres (755.6 ft) square, giving a volume of roughly 2.6 million cubic metres (92 million cubic feet), which includes an internal hillock

If you wish to visit the burial chamber of King [Cheops](#) . Then we will visit the Pyramid of [Chephren](#) or Khafre. This is the second-tallest and second-largest of the 3 Ancient Egyptian Pyramids of [Giza](#) and the tomb of the Fourth-Dynasty pharaoh Khafre (Chefren), who ruled c. 2559?2532 BC .Then we will the Pyramid

of [Mykerinus](#). Enjoy a Panoramic View of the 3 [Pyramids of Giza](#)

We go head to visit [the Valley Temple](#) of king Chephren. While doing that you can have a closer look at the Great [Sphinx](#) - the legendary guardian that stands by the huge funeral complex with its lion body and the head of king Chephren.

After witnessing the greatness of the pyramids you will be hungry. So let's take a break for a delicious Egyptian lunch where you will lose your mind because of the most tasty food you will eat

Tired?! Not now as it is the time of the fabulous Egyptian museum that contains many important pieces of ancient Egyptian history. It houses the world's largest collection of pharaonic antiquated

Optional Tour to National Museum of Egyptian Civilization:

If you wish to visit the mummy's royal hall, where you will have the feeling of strolling down the [Valley of the Kings](#) where most of these mummies were originally resting then ask your Tripguide to take you to the [National Museum of Egyptian Civilization](#).

Tour to the grand Egyptian museum:

[The Grand Egyptian Museum](#) (GEM) is currently in its trial opening phase, which began in October 2024. Visitors can explore several key sections, including the Great Hall, the Grand Staircase, and 12 main galleries showcasing artifacts from various periods of Egyptian history. However, some sections, such as the [Tutankhamun](#) galleries, remain closed and will be accessible upon the museum's full official opening, which is expected at a later date?????.

Now we reach the tour ends after about 9 hours you will be transferred to your hotel in Cairo.

The Catacombs Kom el Shoqafa :

Archaeologists believe that the Catacomb of Kom el Shoqafa was started in the 2nd century A.D. and was used to intern the dead for the next 200 years. This was a period in the history of the city of Alexandria when there was a great mixture of different cultures. Of course, there was the ancient history of the great Egyptian kingdoms which went back thousands of years

Pompey Pillar:

Has nothing to do with Pompey. The story behind the name refers to the possible burial ground of the Roman general when he fled to Egypt and was assassinated after losing a major battle in Greece against Caesar. The red granite column was probably built to honor Emperor Diocletian. Today it stands 25 meters high and is the tallest ancient monument in Alexandria

The Citadel of Sultan Qaitbay:

The Citadel was built in the 15th Century by the Mamlouk Sultan Qaitbay, To Guard the City against the threat of Crusaders, This wonderful Islamic Monument was built by the use of the ruins of the old Lighthouse that was constructed by Ptolemy 11 in the 3rd Century B.c. The Lighthouse was damaged during an Earthquake that Occurred in Egypt in 1303 A.c during the reign of the Mamlouk King Qaitbay

The High Dam :

Aswan High Dam is a rock-fill dam located at the northern border between Egypt and Sudan. The dam is fed by the River Nile and the reservoir forms Lake Nasser. Construction for the project began in 1960 and was completed in 19613. It was officially inaugurated in 1971.

The Unfinished Obelisk :

Aswan was the source of ancient Egypt's finest granite, used to make statues and embellish temples, pyramids, and obelisks. The large unfinished obelisk in the Northern Quarries has provided valuable insight into how these monuments were created, although the full construction process is still not entirely clear. Three sides of the shaft, nearly 42m long, were completed except for the

inscriptions. At 11613 tonnes, the completed obelisk would have been the single heaviest piece of stone the Egyptians ever fashioned.
